

Andrea Terron

Education

- 1984** Degree in Veterinary Medicine, University of Parma (Italy), 110/110 with laudem
- 1988** Diplome Universitaire du Pathologique Toxicologique et Experimentalle. Ecole de Medicine Veterinaire d'Alfort, Paris (France)
- 1996** Diploma Royal College Pathology in Toxicology, Toxicological Pathology and Comparative Pathology
- 1998** Membership Royal College Pathology in Toxicology, Toxicological Pathology and Comparative Pathology (Board Certificate)
- 2004** Fellow of the Royal College of Pathologists in Toxicology

Language

Italian (mother tongue)
English (fluent)
French (satisfactory)

Employments:

Position Title: Pathologist

Company name, Country: Glaxo Wellcome, Department of Safety Assessment (Italy)
Year from: 1986-2000

Position Title: Director of Pathology

Company name, Country: Pharmacia, Nerviano, Milano, Italy
Year from -2000-2004

Position Title: Director of Toxicology

Company name, Country: GSK, Verona, Italy
Year from -2004-2006

Position Title: Director of Non Clinical Safety Project

Company name, Country: GSK Ware, UK
Year from -2006-2011

Position Title: Senior Toxicology Scientific Officer

Company name, Country: European Food Safety Authority (EFSA), Parma, Italy
Year from May 2011- May 2012

Position Title: Director of Toxicology

Company name: Novartis Vaccines & Diagnostics
June 2012-march 2013

Position Title: Senior Toxicology Scientific Officer (Contract agent)
Company name, Country: European Food Safety Authority (EFSA), Parma, Italy
Year from March 2013- current

Others:

- **Teaching at : Master regolatorio, Universita' di Camerino.**
- **Teaching at: Facolta di scienze farmacologiche, scuola di risk assessment, Universita' di Milano.**

Subcutaneous Administration of High Volume of 5% Dextrose Solution in Pregnant Han Wistar Rat Embryotoxicity Studies.

24th European Teratology Society Conference, 2-5 Sept 1996, Roma

Terron A., Cristofori P., Chiamulera C., Spagnolo D.
Histological and immunohistochemical characterization of neurodegenerative model with special reference to Huntington's disease.
15th meeting of the European Society of Veterinary Pathology.
16-19 September 1997 - Alghero - Italy

Terron A., Dorigatti R., Cristofori P., Roberts K.L.
Investigation of acute intravenous effects of Polyvinyl-Pyrrolidone.
15th meeting of the European Society of Veterinary Pathology.
16-19 September 1997 - Alghero - Italy

Bordi F., Terron A.
The neuroprotective glycine antagonist GV150526 does not produce neurovacuolation in rat brain.
Journal of European Pharmacology, November 1999

Bunemann B., Zantedeschi V., Terron A., Chiamulera C.
Chronic nicotine induce changes in brain structures; effects on brain neurofilaments.
Poster presented to the First International Congress of Smoking Cessation
Canaries Islands, February 1999

Bunemann B., Zantedeschi V., Terron A., Chiamulera C., Merlo Pich E.
Chronic nicotine induces changes in brain structures; effects on brain neurofilaments.
Presented at the International Symposium on Nicotine receptor (Venezia
September 99)

Della Torre P., Podestà A., Imondi A.R., Moneta D., Sammartini U., Arrigoni C., Terron A., Brughera M.
PNU-159548, a novel cytotoxic antitumor agent with a low cardiotoxicity potential.
Cancer Chemoter. Pharmacol., (2001) 47: 355-360

B.Bunemann, A.Terron, V.Zantedeschi, E. Merlo Pich, C.Chiamulera
Chronic nicotine treatment decreases neurofilament immunoreactivity in the rat ventral tegmental area
European journal of pharmacology 393, (2000) 249-253

A.Sbarbati, B.Bunemann, P.Cristofori, A.Terron, C.Chiamulera, F.Merigo, D.Benati, P.Bernardi, F.Osculati
Chronic nicotine treatment changes the axonal distribution of 68kD neurofilaments in the rat ventral tegmental area
European Journal of Neuroscience 2002

A.Terron et al.
Comparative evaluation by histological and magnetic resonance imaging of subcutaneous xenograft tumor models in the mouse.
Poster presented at the 20th mtg of the European Society of Veterinary Pathology.Torino, September 2002

A.Terron et al.
Drug induced pathological lesions in mucus secreting cells in the jejunum of the Beagle dog

Poster presented at the 20th mtg of the European Society of Veterinary Pathology.Torino, September 2002.

A.Terron et al.

Ex vivo analysis to study the mode of action of a CDK2 inhibitor.

Poster presented at the 93rd annual mtg of the American association for Cancer Research. San Francisco US, March 2002

A.Terron et al.

Evaluation of the efficacy of an anti-angiogenesis compound SU6668 in a xenograft tumor model by Dynamic Contrast enhanced-MRI (DCE-MRI)

Poster presented at the 93rd annual mtg of the American association for Cancer Research. San Francisco US, March 2002

A.Terron et al.

Ultrastructural alterations in rat's exocrine pancreas. Detection of rapid onset using TEM characterization.

Poster presented at the International Congress on Electron Microscopy. Durban, South Africa 2002

P.Marzola, P. Farace, L.Calderan, C.Crescimanno, E.Lunati, E.Nicolato, D.Benati, A.Degrassi, A.Terron, J.Klapwijk,E.Pesenti, A.Sbarbati, F.Osculati

In vivo mapping of fractional plasma volume and endothelial transfer coefficient in solid tumors using a macromolecular contrast agent: correlation with histology and ultrastructure.

Int.J.Cancer 104, 462-468 (2003)

P.Marzola, P. Farace, L.Calderan, C.Crescimanno, E.Lunati, E.Nicolato, D.Benati, A.Degrassi, A.Terron, J.Klapwijk, E.Pesenti, A.Sbarbati, F.Osculati

In vivo assessment of antiangiogenic activity of SU6668 in an experimental colon carcinoma model

Clinical Cancer Research Vol 10, 739-750, January 15, 2004.

A.M. Giusti A. Terron

Changes in drug formulation can induce new target organ toxicity: safety assessment of renal toxicity of a new chemical entity dissolved in SBE7 Beta cyclodextrin

Poster presented at theESTP Congress 2004

Terron et al.

Validation of a new method for troponin I detection in Han Wistar (HW) rats

Poster presented at the European Society of Veterinary Pathology, congress 2004

AM Giusti, A. Terron, S. Belluco, E. Scanziani, MLCarcangiu

Ovarian epitheloid trophoblastic tumor in a Cynomolgus Monkey

Vet Path 42:223-226 (2005)

Marzola, A Degrassi, L Calderan, P Farace, E Nicolato, C Crescimanno, M Sandri, A. Giusti, E Pesenti, A. Terron, A. Sbarbati, F. Osculati.

Early Antiangiogenic activity of SU11248 evaluated in vivo by dynamic contrast enhanced magnetic resonance imaging in an experimental model of colon carcinoma.

Clinical Cancer Research 2005; 11 (6) August 15, 2005

INVITATION TO PUBLIC EVENTS AND SCIENTIFIC CONFERENCES

Terron A., Lanzoni A., Spagnolo D., Zantedeschi V.,
The role of morphologic evaluation in detecting neurotoxicity: strategy and
Examples. Presented as oral communication at the Società Italiana di Tossicologia
Bologna Febbraio 2000

Fornasier M., Ferraro A, Sartori M., Cunago L., Turrini G., Terron A., Dorigatti R.
A model of intestinal absorption and hepatic first-pass effect in the anaesthetized rat.
Presented as oral communication at the Società Italiana di Tossicologia.
Bologna Febbraio 2000

Ciabini, Terron, Galassi, Raimondo: disegno, utilizzo e predittività degli studi preliminary in
specie non rodentrici nello sviluppo tossicologico dei farmaci. Oral communication XIV congresso
nazionale della società italiana di tossicologia 2004

Terron, Moccia, Raimondo: uso e limiti della NOAEL nella valutazione del rischio negli studi
preclinici durante lo sviluppo dei farmaci. Oral communication XIV congresso nazionale della
società italiana di tossicologia.

Costa, Terron, Dorigatti, Raimondo: approccio sistematico per la valutazione dei campioni
tossicocinetici negli animali di controllo. Poster presentato al XIV congresso nazionale della
società italiana di tossicologia.

School of Chemistry. Urbino, September 2009. Invited speaker: Preclinical safety assessment in
drug discovery.

DIA, Annual meeting in Monaco, March 2010: Invited speaker on preclinical management of
convulsion related risk.

BSTP training module on Cancerogenesis; March 2010: Invited speaker.

Flavouring annual meeting. February 2012, London UK; invited speaker.

Eurotox 2014: Invited speaker.

Eurotox 2016: Invited speaker,

SOT 2016: Invited speaker,

ESTIV 2016; invited speaker.

International Conference of Toxicology 2016: Invited speaker.

German Society of Clinical Pharmacology and Toxicology 2016: Invited speaker.

ecopa SSCT Workshop 2017. Invited speaker.

Eurotox 2017: invited speaker.

Eurotox 2018: invited speaker.

SITOX 2018: Invited speaker.

EPAA 2019: invited speaker.

Eurotox 2019, invited speaker.

Sitox 2020, invited speaker.

Sitox 2021, invited speaker.

European Commission; Training on endocrine disrupters: 2 editions in 2019, 1 edition in 2020, 1 edition in 2021 (teacher)
